

Marysville Message

September 12, 2025

Dear Marysville Community

It was wonderful to have the first full five day week of school together. We are looking forward to seeing everyone next week on Wednesday evening 9/17 for our Back to School Open House event. 5:00 pm - 6:45 pm.

Wednesday 9/17 is also the first early release of the school year.

School will end at 11:50 am on Wednesday. Early Release days provide time for ongoing staff professional development.

Some wonderful Marysville parents are starting the walking school bus next Tuesday the 16th. They are walking kids to school on Tuesdays AND Thursdays.

The walking school bus is an effort to build community and lessen traffic around the school.

TRAINED WALK LEADERS WILL WALK WITH YOUR KIDS TO SCHOOL

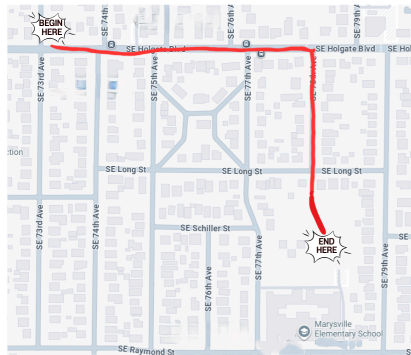

-

GUÍAS DE CAMINATA CAPACITADAS ACOMPAÑARÁN A SUS HIJOS A LA ESCUELA.

- PUNTO DE ENCUENTRO EN LA CALLE 73/HOLGATE A LAS 7:45.
- NOS VEMOS EN LA RUTA.
- LLEVAREMOS Y DEJAREMOS A LOS NIÑOS PARA QUE SE UNAN AL AUTOBÚS A PIE

5:40 - 6:15 Thăm quan các lớp học
6:15 - 6:45 Cùng thưởng thức kem tại khu vui chơi bên ngoài.

News and Updates

Update on COVID-19 Testing in PPS

Starting in the 2025–2026 school year, PPS will no longer provide on-site COVID-19 symptom-based testing. Students will still be excluded if they show symptoms listed on the ***When to Keep My Child Home From School*** chart, and families can continue to access testing through at-home kits, their healthcare provider, or **PPS School-Based Health Centers**.

👉 Read the full update **here**

School Districts can receive money from Medicaid to help pay for important services like speech, occupational therapy, and counseling provided at school. The Medicaid money helps school districts to keep these resources available for students with disabilities or behavioral health needs without changing the services they receive. This helps PPS get money back from the government for the work our staff is already doing. Because of the current budget situation, this funding is more important than ever. Before PPS can ask Medicaid for money for certain services a student receives at school, we need to inform parents about it. When a student is enrolled in Medicaid, we also need their parent's written permission to bill Medicaid for these services. The parent only has to give permission once, and they can change their mind anytime.

Important things to know for families whose student is enrolled in Medicaid:

- Giving permission will **not** change your student's or family's Medicaid/OHP benefits or reduce

any money you get from Medicaid or other programs.

- **Oregon Health Plan (OHP)**

Coverage is personal Medicaid insurance. It pays for doctor visits, medicine, and other health care outside of school and this will not change.

- **School-Based Medicaid** helps schools get money from Medicaid for services given at school, like counseling, or speech or occupational therapy in a student's IEP. It does **not** change a student's or family's personal health insurance or the amount of visits your child can receive outside of school.

In short: OHP is a family's Medicaid coverage, and school-based Medicaid is just a way for schools to get funding for services provided at school. **All students will still get the same health services for free, even if the parent doesn't give permission.**

What to do next:

All families are asked to review the **Notice of Intent to Bill Medicaid** and complete the Yearly Verification process in **ParentVue** which contains a fillable electronic Consent (find it on the page entitled 'Medicaid Billing Consent'). If you would like to complete a paper Consent, please download one (see **this link** under "Documents") and return the completed form to your School. Your completed and signed Consent will document whether your child is enrolled in Medicaid, and your choice whether to allow Portland Public Schools to bill Medicaid.

Thank you for your time!

Marysville Curb Marking Notification

PBOT Maintenance & Operations crews completed the yellow curb markings at Marysville last week.

Here is a press release that has more information about vision clearance at schools.
