Late Enrollee Ratio:
This is the percentage of students in a given school year who enrolled after October 1st compared to those who enrolled by October 1st. The formula is A / B, where:
  A = the number of students first enrolled at school after October 1st
  B = the number of students enrolled on October 1st

Stability Index:
This is the percentage of students in a given school year who were enrolled at the same school through most of the school year compared to all students enrolled on October 1st. The formula used is A / B, where:
  A = number of students enrolled in the same school through most of the school year (>=145 school days)
  B = the number of students enrolled on October 1st
School Notes: Rosa Parks and Kairos PDX are year-round schools, so October membership may not be an appropriate
