Agenda Item	Person Responsible	Notes
Purpose of Site Council	Jill Liddle	<p>Responsibilities of the Site Council include:</p> <ul style="list-style-type: none"><li>● Focus on improving student achievement.</li><li>● Contribute to the school improvement plan.</li><li>● Foster family engagement and school-home communications.</li><li>● Explore improvements to the school's instructional program.</li><li>● Support the professional growth of the school's staff.</li></ul> <p>Reviewed goals/responsibilities</p>
School Continuous Improvement Plan (SCIP) Review	Jill Liddle	<p><a href="#">SCIP Progress Monitoring</a></p> <p>Created to be easier to read, combined goals with strategies, review</p> <p>Climate Goal: improve 25% on Successful Schools Survey, was down from prior year significantly</p> <p>Strategies:</p> <p>—share with students data and see what has gotten in way of learning (begun in October-Dec), shared data points through wordle emphasizing talking, discussion in advisory with new expectation of one person</p>

		<p>at a time talking</p> <p>–kids need repetition, especially with those doing the disrupting—in advisory, daily slides, morning announcements, posters, need school wide consistency within teachers as well—perhaps sharing strategies among teachers would be helpful (Tier I structures shared in Grade Level PLCs), CHAMPS-like visuals (make our own? Grade level conversations? Laura and Jill bring examples to PLCs, Mary to share examples), reward system for staying quiet—needs to be simple and sustainable. <b>Will put on a staff meeting time to determine consistent visuals and strategies for talking/not talking. Maybe model during Jan staff meeting.</b></p> <p>–recognition assembly to honor staff and students in November, repeated each quarter. Teachers nominated by students, can we also do staff nominate staff awards? Basket a nice idea for recognition, can staff donate to make a basket? Can we do recognition during announcements/livestream?</p>
Feedback on SCIP	All members	Adjourn 5:01, share with Jill other feedback
