Cash Management and Investment Update

The PPS investment portfolio as of September 30, 2024, continues to reflect the high-grade characteristics of the portfolio within the tolerances authorized in the Board approved policy and Oregon Revised Statutes. The Portfolio consists of 42% Treasury and government agency securities, which is lower than June 2024 (44%). The cash and cash equivalent portion of the portfolio increased to 52% of the total portfolio from June 2024 of 48%.

Market rates have shifted downward from June with 90-day Treasury securities decreasing by 0.75%, and 1-year and 2-year Treasury securities decreasing by 1.11% and 1.05% respectively. The recent declining rate environment reflects the Federal Reserve signaling their rate increases (over inflation concerns) may be over and a continued decrease in rates in late 2024. The yield curve remains inverted in maturities greater than 1 year (interest rates are less in longer maturities than shorter maturities) due to market concerns of lower rates in the future and potential recession. Rates are lower than the prior year with 90 day T-Bill lower by 0.82% and 1-year Treasury securities lower by 1.48%.

Source: Federal Reserve H15 Constant Maturity Treasury Securities

Securities purchased since June 2024 were primarily reinvestments of maturing securities of operating and capital funds not spent during the quarter. No securities were sold prior to maturity during the quarter.

The total portfolio of Cash and Investments (\$773 million) decreased by \$146 million since June 2024 from payment of capital expenditures in the quarter. The LGIP and US Bank PERS balance of \$48 million increased by \$16 million from September due to monthly intercept payments from the state.

We continue to maintain adequate cash and equivalent balances to meet our ongoing obligations and monitor the balances of the various Fund's cash position. We have regular meetings with the Facilities Asset Management team regarding guidance on expected expenditures and cash balances and the need to sell additional securities.

Real Estate Update

The Real Estate Report provides the BOE an overview of the existing contracts that provide dedicated PPS facilities (both in schools and in administrative buildings) to non-PPS entities during school hours. These contracts range from Real Property Leases and Licenses that provide dedicated space (often in exchange for rent) to Intergovernmental Agreements that provide dedicated space for non-PPS staff who provide services to our PPS students.

Most of these contracts are multi-year agreements and will not change substantially from quarter to quarter. Any changes that do occur are shown in red. Such changes include the extension or expiration of existing contracts and the addition of new contracts.

Since the last report, there have been no significant changes.

Portland Public Schools: Real estate contracts for dedicated space during school hours (Excludes Civic Use of Buildings Permits)

10/01/2024 - (CONTRACT/RELATIONSHIP OWNER) shown in parenthesis. Changes since last report shown in red.
