## MEMORANDUM DAG #7 Design Options Poll Results

OH PLANNING+DESIGN, ARCHITECTURE

---

Oh Project No.: 90031

---

Project Name: Portland Public Schools – Kellogg Middle School Date: 04/06/2018  
 To:  
 Prepared by: Juan Carlos Garduno  
 Distribution: File

---

The purpose of this memo is to provide the Design Options Poll results from the Design Advisory Group (DAG) meeting #7.

### Meeting Agenda

1. Findings from Finland (20)
2. Design process & guiding principles (10)
3. Design options (20)
4. Break out: table discussion on options (15)
5. Group discussion & Input (10)
6. Project schedule & next steps (5)
7. Public comments & discussion

### Design Options Poll Results

Total number of Votes/Cards: 13

\* Not all questions were voted for

Question	Option 1 Environmental School	Option 2 Cascade Connections	Option 3 Petals and Blossoms
1. Design concept @ SE Powell Blvd.	<b>9</b>	3	1
2. Design concept @ SE 69 <sup>th</sup> Ave.	<b>9</b>	2	2
3. Connection to the community as a public building.	4	2	4
4. Responds to Powell frontage while	<b>5</b>	3	2

Question	Option 1 Environmental School	Option 2 Cascade Connections	Option 3 Petals and Blossoms
maintaining safety/security.			
5. Transparency and natural light.	-	-	<b>8</b>
6. Playful & outdoor learning	4	4	4
7. The world in color.	2	4	4
8. Connections and scale.	3	3	2

**Design Options Poll: Comments**

Question	Option 1 Environmental School	Option 2 Cascade Connections	Option 3 Petals and Blossoms
1. Design concept @ SE Powell Blvd.	<ul style="list-style-type: none"> <li>- Prefer the sloped roof of 1 on Powell mixed with the outside design of 2 on Powell (shapes connected to actual mountain range)</li> <li>- Prefer the angled design and aesthetic of the 1 view from 69<sup>th</sup>. Liked the idea of the mural on the center section along Powell</li> <li>- I really like the faux vaulted edges of #1 – aesthetically pleasing</li> <li>- Add “Mt. Hood” as mural idea</li> <li>- Option 1 preferred esp. the angled heights</li> <li>- Like this angle, think this will look outdated quickly?</li> <li>- Looks like a condo to me</li> <li>- Mural! Great way for school identification/ownership/opportunity to update</li> <li>- Overall preference</li> <li>- By far liked “Environmental” option</li> </ul>	<ul style="list-style-type: none"> <li>- Option 2 preferred with the roof raise/angle of 1 and more windows like 3</li> <li>- Excellent street view, angles, colors are fun, possibly incorporate grey? Like overall shape. Add mural?</li> <li>- Don’t like horizontal lines, like the options for the other 2 examples better (vertical?)</li> <li>- Least preferred</li> <li>- Liked fence &amp; front mass, liked walkway by admin. Office</li> <li>- Rename to “mountain view”</li> </ul>	<ul style="list-style-type: none"> <li>- Building angles too traditional, colors are nice.</li> <li>- Really like this wall idea</li> <li>- Many elements preferred</li> <li>- Like some color, transparent windows.</li> </ul>

Question	Option 1 Environmental School	Option 2 Cascade Connections	Option 3 Petals and Blossoms
	<p>but needs: better/integrated fence that is a part of the building, Powell entry needs articulated mass w/ more windows, needs some color, not fake wood, lighter top treatment echoed in fence, integrate fence at top &amp; bottom</p> <p>- Would like the pot out window seat more apparent in #1</p>		
<p>2. Design concept @ SE 69<sup>th</sup> Ave.</p>	<p>- All (options) ok</p> <p>- Option 1 preferred except like windows of #3 in stairwell</p> <p>- Like view of gym</p> <p>- Really like the wood look of #1</p> <p>- Like entry of 1</p>	<p>-Option 2 and 3 seem too institutional</p> <p>- Bold slant roof entrance</p> <p>- Prefer Cascade sloped roof over the main entrance</p> <p>- Angles on 69<sup>th</sup> move school</p>	
<p>3. Connection to the community as a public building.</p>			
<p>4. Responds to Powell frontage while maintaining safety/security.</p>	<p>- All (options)</p> <p>- Main entrance should be clear</p>		
<p>5. Transparency and natural light.</p>			<p>- Feels like more windows</p> <p>- Like the windows</p>
<p>6. Playful &amp; outdoor learning</p>	<p>- Add more play area</p>	<p>- Like horizontal slats</p>	
<p>7. The world in color.</p>	<p>- Option 1 preferred with more blocks of color -&gt; blue?</p>		<p>- Option 3 preferred but looks more like elementary school</p> <p>- Yuck on #3, want</p>

Question	Option 1 Environmental School	Option 2 Cascade Connections	Option 3 Petals and Blossoms
			color + pods + areas internally
8. Connections and scale.	- All (options) - Option 1 preferred except want ped scale material at sidewalk level (not blank) & like # windows on #3 spine - Want 69 <sup>th</sup> entrances to really 'pop' & become obvious		

Other Comments:	- 9. External: Could there be a brick/wood element? Or wood/metal element, unique window seat, can they be in each design?
-----------------	--

## OPTION 1 ENVIRONMENTAL SCHOOL

## OPTION 2 CASCADE CONNECTIONS

## OPTION 3 PETALS AND BLOSSOMS
